

Vision

Our trusted network of consultants are recognized as thought leaders in selected fields of expertise as well as hands-on operatives at all levels in the organisation.

With our global perspectives, local experiences, and a personal approach, we are the most attractive consultancy network in Europe.

Mission

We provide services to people and organisations to increase value through a wide range of consulting services.

Together, we achieve breakthrough performance.

We serve clients from a variety of industries in both private and public sector, and with a broad set of challenges.

We enable our clients to creatively navigate and operate through increasing complexity and cultural demands in an ever-changing world.

Independent Management Consultancies Network IMCN

European

Professional

Personal

IMCN

European because

- IMCN members offer extensive expertise as regional specialists from different European countries; speak several European languages and are able to lead cross border projects and multinational/multicultural your individual needs and teams.
- Our network offers access to the very latest market information and industry surveys within Europe.

Professional because

- Every consultant within IMCN has many years of professional experience, resulting in a consistently high standard of work.
- All IMCN members offer the highest quality of consulting, covering all ensuring a successful outcome that opens the door to a wider network of professional services.

Personal because

- The IMCN vision is based on the understanding that effective and satisfactory consulting is derived from having confidence in the personal relationship between client and consultant.
- The consultants who visit you are the people you will work with. They are committed to remain in the project for the duration of the assignment.

Independent because

- All IMCN member companies are privately owned, financially independent and pledge to the "Code of professional conduct" of FEACO.
- The entrepreneurial and free spirit of the IMCN consultants means you have access to a quality source of innovative and practical improvements.
